Dear Pastors and Praying Friends,

Cold, snow, and ice seem to be the order of the day, since we began our journeys on January first. We have enjoyed every bit of snow, and the Lord has been gracious in His provision for safe traveling.

We had a great December. We were able to see many of our family members, during the Christmas holiday. January 3rd was our first day of full time deputation. We began in Cincinnati, Ohio, and then we traveled to Tennessee. After that, we were in Georgia for twelve days. We ended up in Northern Indiana for a missions conference to finish the month of January.

During the month of January, we were able to be in 9 churches, 5 states, and traveled over 2,400 miles. God has been good to us during our travels, and has provided for our needs. One church partnered with us to reach the Malagasy people. Currently we are at about 5% in reaching our support level.

I was teaching in a Children's Church on John chapter 9. I began with the fact that we need to have compassion for the lost, and then we should lead them to Christ by showing them that He is the only way of Salvation, and finally that the Holy Spirit will convict men of their sin. During the invitation there were a couple of raised hands for Salvation, and my wife was able to lead a 9 year old girl to the Lord! Praise the Lord!

I will be leaving for a survey trip to Madagascar on February 25th and returning March 10th. Please pray for safety, and that I will be able to gather all of the information that we will need to be prepared for going to Madagascar.

In Christ,
Paul Hostetler
