November 27, 2009

Dear Friends,

"When I consider the heavens, the work of thy fingers, the moon and the stars, which thou hast ordained; What is man that thou art mindful of him?" Psalm 8: 3,4a

God has been very good to us as we have begun our deputation process. We do not deserve all the blessings that God has given us, but we are very thankful for the way God meets our needs.

Since our last prayer letter, three churches have partnered with us to reach the Malagasy people for Christ. Many miles have been traveled without incident, and meetings are continuing to be booked for 2010. In October, we were given a projector, since then we have been able to use it several times. Due to the high cost of a projector, I did not anticipate getting one, but God miraculously provided one.

There are some matters of prayer that we would like to share.

- We have put our house up for sale. Please pray that it would sell in the Lord's timing.
- I am planning a trip to Madagascar. Pray that all the details will be worked out.
- Pray for safety as our travel schedule increases in January.

In Christ,

Paul Hostetler
